## **A word from your President By Mary Ellen Mackey**

The 4<sup>th</sup> of July celebrations are here, I urge you to take time to relax with family and friends and enjoy your holiday time. Don't forget to be humble, kind and always give thanks for your blessings.

A slight increase in inventory has increased the number of sales, great to see as we move into the summer season. We still lag well behind last year in terms of total listings, and until that turns around, this will continue to be a solid seller's market. Not surprisingly, affordability continues to slip as strong demand and tight supply leads to home price appreciation well above the rate of inflation. With this market so tight, it is important that we continue to educate prospective buyers about the importance of working with a REALTOR® who is experienced and can help them navigate the market.

Thank you everyone for all you do to keep our Association going strong. For those wanting to get more involved, we are actively seeking members to fill board and committee vacancies this fall, please contact a board member or the MLS office if you have interest.

Finally, our annual golf outing is scheduled for Thursday August 22<sup>nd</sup> at Glen Erin Golf Club. Now is the time to get your group together for a great time. Our golf committee has been meeting to put the finishing touches on what is sure to be a fun and memorable event. For more information, please contact the Association office.

Have a safe and fantastic summer!

Mary Ellen Mackey

**MLS INFORMATION**

**\*\*\*Hot Tip:** The number of characters allowed for public remarks has been increased from 600 to 650 characters.

**\*\*\*Listing Firm Name on IDX**

**Websites:** When a listing is displayed on an IDX website, the listing firm name must be included on the full listing display. The firm name must be in type that is at least as large and of the same darkness as the type used to describe the property, and must be located in a prominent location within the top third of the page. If a website requires the consumer to login before seeing the full listing display, the listing firm name must also be on the listing summary that displays before the login.

**\*\*\*Fond du Lac Listings Imported from**

**WIREX:** Since June of 2017, we have imported over 8,600 listings from other MLSs, via WIREX, directly into the MLS database to make it easier for you to find them. These listings are located in the [19 counties](#) the MLS members typically list and sell in. The MLS numbers for these listings are prefixed by 2 letters to make the MLS number unique, and to identify them as listings that originated in a different MLS system (i.e. MM for Metro).

On 7/1/19, we added Fond du Lac County listings to these imports. New listings with a list date of 7/1/19 and later are now being directly imported into the Paragon™ system. It is no longer necessary to switch to WIREX to see new listings for Fond du Lac County.

Metro, Northeast and Central WI MLSs have done something similar in that their members can see Paragon™ listings directly in their native systems without switching to WIREX.

*Thank you, Sue*

**Rock County Housing Statistics**

**Madison, Wis.** —After two consecutive months of decline, Wisconsin’s home sales reversed course and increased in May, which pushed home prices up. With that increase, the improvement in May home sales was not enough to move year-to-date sales growth into positive territory, but it did help to closed the gap from last year.

However, even though demand conditions remain strong, weak supply will continue to plague this market until inventories start to improve.

Not surprisingly, affordability continues to slip. The Wisconsin Affordability Index shows the fraction of the median-priced home that a buyer with median family income can afford to buy, assuming they have 20 percent down, and a 30-year fixed-rate mortgage on the remaining balance.

**Rock County Housing Statistics**—The **median price** for May 2019 is \$160,000 and for the month of May in 2018 it was \$159,900 that was an increase of +0.1% and the **Sales** for May 2019 is 227 and May of 2018 was 248 that was a change of -8.5%. In May of 2019 there was 3.7 months of **inventory** and in May of 2018 there was 3.4 that was a change of +8.8%. Average **days on the market** in May of 2019 was 81 and May of 2018 was 86 that was a decrease of -5.8%.

**Statewide Housing Statistics**—The median price through May 2019 is \$189,900 and through May of 2018 it was \$176,000 that was an increase of +7.9%. The sales through May of 2019 is 28,267 and May of 2018 was 29,543 that was a decrease of -4.3%.

All county figures on sales volume and median prices are compiled by WRA and are not seasonally adjusted. Median prices are only computed if the county recorded at least 10 home sales in the quarter. Beginning in 2018, all historical sales volume and median price data from 2015 forward at the county level have been re-benchmarked using the Relitix system that accesses MLS data directly. Data prior to January 2015 is derived from the Techmark system that also accessed MLS data directly.
